That Ilfracombe Town Council writes to North Devon Council to ask them to ensure that their operatives;

After their collection, leave the area at least as tidy as it was before the collection:

- *bags are left so that they cannot blow away*
- *no residual litter is left*
- *in general it looks tidy*

Nothing except the recycling is left without there also being an explanatory note also left to explain why these items were not collected.

Where it is obvious that the resident is missing a recycling container one is left for them or a delivery of it is arranged.
